

# MINIGOLF

The ball must be played into the hole with the least amount of strikes as possible. Each strike counts as 1 point. Has the ball not reached the hole after 6 strikes? Then 1 point is added. So you can get a maximum of 7 points per hole.

Does the ball jump out of bounds? Continue playing from where the ball went out of bounds. You'll get 1 extra penalty point.

Is the ball touching the edge of the court? Then you can place it 15 centimetres from the edge. For more information about the holes themselves you can take a look at the score sheets laying in front of the minigolf track.

## THE END OF THE GAME

The player with the least points after 9 holes is the winner. Try to get the ball into the hole with the least amount of strikes possible!
